

CHAPTER 5

LEARNING OBJECTIVES

Global Health 101, Fourth Edition

Richard Skolnik, MPA

By the end of this chapter, the reader will be able to do the following:

Review key ethical and human rights concerns as they relate to global health

Discuss some of the central treaties and conventions related to human rights

Show familiarity with the most important ethical guidelines for research with human subjects

Discuss some historically significant cases in research with human subjects

Identify key ethical principles for priority setting in health
