

CHAPTER 6

LEARNING OBJECTIVES

Global Health 101, Fourth Edition

Richard Skolnik, MPA

By the end of this chapter, the reader will be able to do the following:

Describe the main functions of a health system

Review how health systems are organized

Discuss selected examples of health systems

Outline key health system issues and how they might be addressed

Note the main features of universal health coverage (UHC) and measures that low- and lower middle-income countries can take to achieve UHC over time
